Help fulfil our dreams...

Adding life to years...

Every time a plane streaks across the skies Ramadi looks up. Tears well up her eyes. She sees blurred blues. The drifting clouds do little to ease her pain. She is long widowed, alone, and is nearing 80. Her son Naren is well settled in Los Angeles, and daughter Reena lives in London with her doctor husband. They both love and care for her. But can caring from such long distances fill the emptiness? How will Ramadi pass the rest of her life? Will the remaining years be a dark corridor with no light at the end?

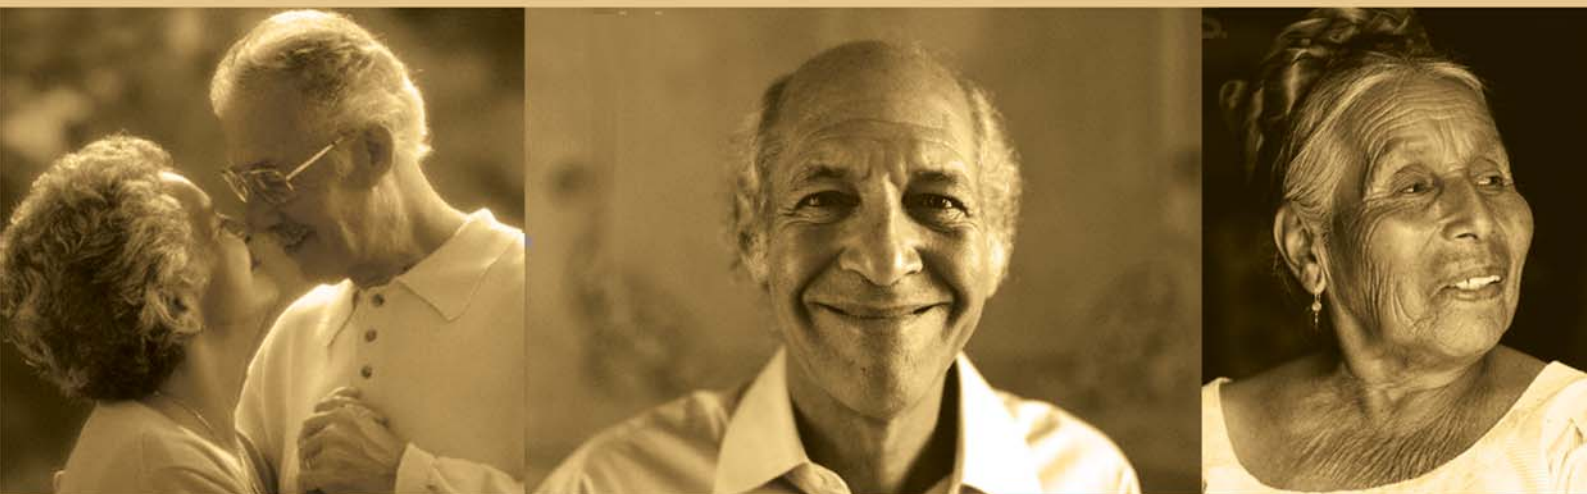

## There is light

At **Inner Wheel Club of Central Calcutta** we feel her pain. We want her to smile and look up to blue skies with a twinkle in her eyes. We want her to feel the burning passion of living life. Not waiting for emptiness to swallow her, we want to add life to her remaining years.

We have a happy home to welcome Ramadi and all other people who are of a ripe age. **Apnalay** promises them a life of warmth, care, comfort and companionship. Just 30 minutes drive from the city

and spread over 9,360 sq. ft. land in Thakurpur-Southern Calcutta, **Apnalay** will have 20 fully furnished rooms with attached toilets and 6 appointed suites. All basic amenities will set the rhythm of a happy life. The elderly can live in harmony in 17000 sq. ft. of built up area with adequate patches of green all around.

Every detail of **Apnalay** exudes positive vibrations. Here they can laugh with the rest, pursue their hobbies and make new friends. The infrastructure will comprise of a yoga room, a TV room, a hobby room, a library, a community hall, and a garden. They can even use their treasure house of experiences to open new doors for the socially downtrodden, as **Apnalay** will house a **centre for vocational training**. There will also be a **crèche** where they could teach little children of working women. While they care for others there will be a team of efficient people at **Apnalay** to take care of the aged at every moment.

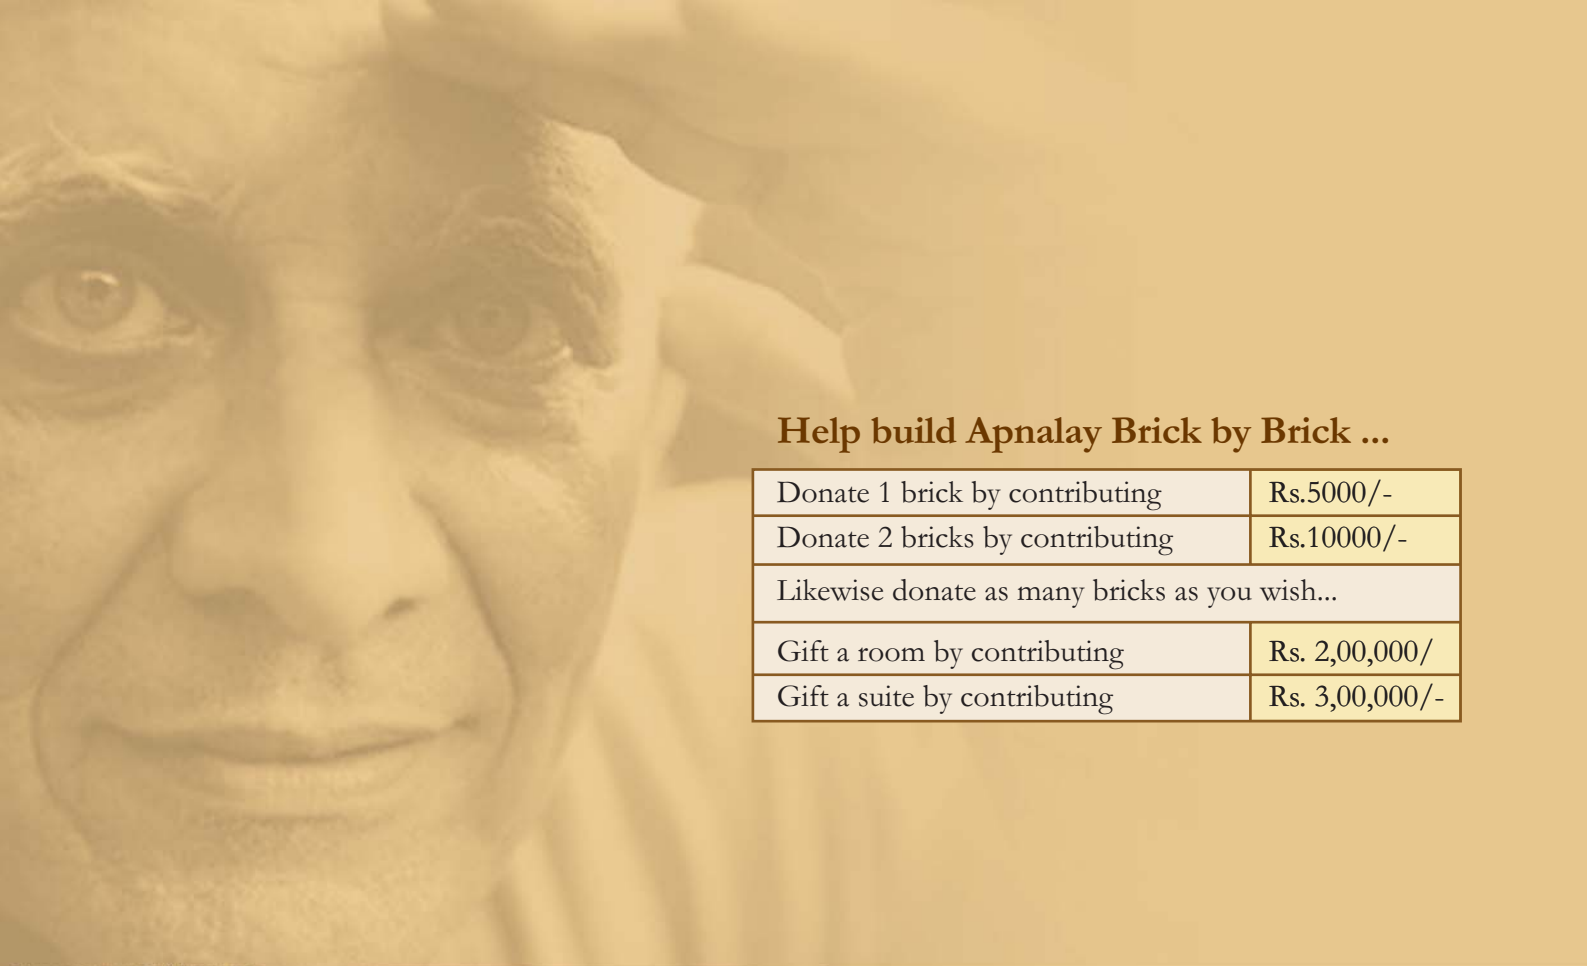

### **Adding meaning to life**

**Inner Wheel Club of Central Calcutta** in its 19th year of existence has provided exemplary services to the society. It has donated medical and diagnostic equipment and ambulances to hospitals, promoted literacy by setting up classrooms and libraries, refurbished school buildings, spread awareness on thalassaemia, cancer and burning social issues, besides participating in campaigns to eradicate polio. Our latest venture is Apnalay- where we have embarked upon a journey to care for the aged.

### **What are you waiting for?**

No one wants to be alone. Providing for the elderly is as much our responsibility as is to care for our spouse and children. Let's come forward and give them a life they would be happy to lead. So what are you waiting for? Come forward and donate generously for **Apnalay!** Your donation will lighten their burden. They too deserve to transit to the next phase of life as happy as a cloud. Don't they?

### Help build Apnalay Brick by Brick ...

Donate 1 brick by contributing	Rs.5000/-
